Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.</p>	 <p>Cooking with the simultaneous use of the heating element in combination with fan and microwave supply.</p>
 <p>Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.</p>	 <p>Side lights: Two opposing side lights increase visibility inside the oven.</p>
 <p>The oven cavity has 2 different cooking levels.</p>	 <p>Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.</p>
