

# FA3905RX6

|                  |                                        |
|------------------|----------------------------------------|
| Product Family   | Refrigerator                           |
| Installation     | Free standing                          |
| Category         | Bottom Mount                           |
| Reference width  | 60 - 70                                |
| Reference height | 160 - 200                              |
| Cooling type     | Total No Frost - Double Cooling system |
| Defrost          | Automatic                              |
| Hinge type       | Standard                               |
| Hinge position   | Right                                  |
| EAN code         | 8017709353544                          |

## Aesthetics

|               |                 |                              |                       |
|---------------|-----------------|------------------------------|-----------------------|
| Aesthetic     | Classica        | Side material                | Steel                 |
| Colour        | Stainless steel | Side colour                  | Stainless steel       |
| Design        | Flat            | Logo                         | Applied               |
| Material      | Metal sheet     | Door shelves profile color   | Silver                |
| Handle        | External        | Drawers profile color        | Silver                |
| Handle type   | Fixed           | Color of glass shelf profile | Silver                |
| Handle colour | Stainless steel | Display                      | 7 segments            |
| Logo colour   | Chrome          | Display position             | Interno (cella frigo) |

## Refrigerator compartment features

|                                         |                  |                                         |            |
|-----------------------------------------|------------------|-----------------------------------------|------------|
| No. of adjustable shelves               | 3                | Type of crisper/vegetable drawers cover | Glass      |
| Number of fruit and vegetables drawers  | 1                | No. of lights refrigerator compartment  | 2          |
| Type of adjustable shelves              | Glass            | Life Plus zone-0°C                      | -2°C +3 °C |
| Type of crisper/vegetable drawers cover | On sliding rails | Internal light in fridge                | Yes        |
| Crisper Cover                           | Yes              | Type of internal light (fridge)         | LED        |

## Refrigerator Inner Door

|                                   |   |                       |   |
|-----------------------------------|---|-----------------------|---|
| Number of adjustable door shelves | 3 | No. of bottle shelves | 1 |
|-----------------------------------|---|-----------------------|---|

## Other Refrigerator features

|           |     |     |     |
|-----------|-----|-----|-----|
| MultiFlow | Yes | Fan | Yes |
|-----------|-----|-----|-----|

## Freezer compartment features

|                   |   |                               |       |
|-------------------|---|-------------------------------|-------|
| Number of drawers | 2 | No. of compartments with flap | 1     |
| No. of shelves    | 2 | Type of shelves               | Glass |

## Other Freezer features

|                  |        |                           |     |
|------------------|--------|---------------------------|-----|
| Manual ice maker | Yes    | Fast freezing compartment | Yes |
| Ice maker        | Manual |                           |     |

## Other technical features

|                             |                                       |
|-----------------------------|---------------------------------------|
| Functions display           | Fast freezing, ECO, Temperature alarm |
| Fast freezing button        | Yes                                   |
| Temperature alarm lamp      | Yes                                   |
| Door open alarm             | Acoustic and visual                   |
| Temperature Alarm           | Yes                                   |
| Type of temperature control | Electronic                            |
| No. of compressors          | 1                                     |
| Refrigerant gas type        | R600a                                 |
| Type of compressor          | Inverter                              |
| Refrigerant Quantity (gr)   | 45 g                                  |
| Foam agent                  | Cyclopentane                          |

## Performance / Energy Label - Reg. 2019

|                                          |           |                                     |                  |
|------------------------------------------|-----------|-------------------------------------|------------------|
| Annual energy consumption                | 230 kWh/a | Airborne acoustical noise emissions | 36 dB(A) re 1 pW |
| Energy efficiency class                  | D         | Temperature Rise Time               | 14 h             |
| Airborne acoustical noise emission class | C         | 4 star - Freezing capacity          | 8 Kg/24h         |
| Total net volume                         | 481 l     | Climate class                       | SN, N, ST, T     |
|                                          |           | EEL                                 | 80 %             |

Sum of the volumes of the frozen compartment(s) 137 l

Sum of the volumes of the chill compartment(s) and the unfrozen compartment(s) 344 l

Electrical Connection

|                              |              |                           |           |
|------------------------------|--------------|---------------------------|-----------|
| Plug                         | (F;E) Schuko | Voltage (V)               | 220-240 V |
| Electrical connection rating | 127 W        | Frequency (Hz)            | 50/60 Hz  |
| Current                      | 1.1 A        | Power supply cable length | 180 cm    |

## Symbols glossary

4 stars freezing compartment for better food preservation.

Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.

Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Energy efficiency class D

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

---

## Benefit (TT)

---

### **No-Frost system**

The No Frost system prevents the formation of ice and contributes to better preservation of food in the refrigerator

### **Plastic multiflow system**

The Multiflow system ensures even distribution of cold air inside the refrigerator

### **Fan**

The fan contributes to an even distribution of air inside the refrigerator

### **Refrigerant gas R600a**

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

### **Climate class**

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 °C and 43 °C (50 °F ~ 109 °F)

### **External handle**

The external handle ensures practicality and ease of use of the refrigerator

### **Refrigerator Internal lighting**

Interior lighting for perfect visibility of shelves in the refrigerator compartment

### **Fruit and vegetable drawer**

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

### **Inverter compressor**

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.

### **Manual Ice Maker**

Manual ice maker to manually adjust the amount of ice produced according to personal requirements

### **Internal display**

Internal display for targeted temperature control and a clean, minimalist design
