

# FAB30LPK6

|                  |                                           |
|------------------|-------------------------------------------|
| Product Family   | Refrigerator                              |
| Installation     | Free Standing                             |
| Category         | Top Mount                                 |
| Reference width  | Until 60                                  |
| Reference height | 160 - 200                                 |
| Cooling type     | Fan assisted refrigerator, static freezer |
| Defrost          | Manual                                    |
| Hinge type       | Standard                                  |
| Hinge position   | Left                                      |
| EAN code         | 8017709350338                             |

## Aesthetics

|               |              |                               |                                                                                             |

| Handle colour | Chrome       | Colori disponibili            | Orange, Pastel blue, White, Blue, Black, Cream, Pink, Red, Silver, Pastel green, Lime green |

## Refrigerator compartment features

|                                         |          |                                         |       |
|-----------------------------------------|----------|-----------------------------------------|-------|
| No. of adjustable shelves               | 2        | Type of crisper/vegetable drawers cover | Glass |
| Number of fruit and vegetables drawers  | 2        | No. of lights                           | 2     |
| Type of adjustable shelves              | Glass    | Internal light in fridge                | Yes   |
| Type of crisper/vegetable drawers cover | Standard | Type of internal light (fridge)         | LED   |
| Crisper Cover                           | Yes      |                                         |       |

## Refrigerator Inner Door

|                                            |     |                                  |     |
|--------------------------------------------|-----|----------------------------------|-----|
| No. of door shelves with transparent cover | 1   | No. of bottle shelves            | 1   |
| Number of adjustable door shelves          | 2   | Bottle shelves with wire support | Yes |
| Adjustable door shelves with wire support  | Yes |                                  |     |

## Other Refrigerator features

|                                                                                  |                                                                                   |     |     |
|----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----|-----|
|  |  |     |     |
| MultiFlow                                                                        | Yes                                                                               | Fan | Yes |

## Freezer compartment features

|                |   |                 |      |
|----------------|---|-----------------|------|
| No. of shelves | 1 | Type of shelves | Wire |
|----------------|---|-----------------|------|

## Other technical features

|                                                                                    |  |                           |  |
|------------------------------------------------------------------------------------|--|---------------------------|--|
|  |  |                           |  |
| Door open alarm                                                                    |  | Acoustic and visual       |  |
| Type of temperature control                                                        |  | Electronic                |  |
| No. of compressors                                                                 |  | 1                         |  |
| Refrigerant gas type                                                               |  | R600a                     |  |
| Type of compressor                                                                 |  | Variable Speed Compressor |  |
| Refrigerant Quantity (gr)                                                          |  | 68 g                      |  |
| Foam agent                                                                         |  | Cyclopentane              |  |

## Performance / Energy Label

|                                                                                    |              |                            |                  |
|------------------------------------------------------------------------------------|--------------|----------------------------|------------------|
|  |              |                            |                  |
| Annual energy consumption                                                          | 135 KWh/year | Noise level                | 34 dB(A) re 1 pW |
| Energy efficiency class                                                            | C            | Thaw time                  | 20 h             |
| Airborne acoustical noise emission class                                           | B            | 4 star - Freezing capacity | 4 Kg/24h         |
| Total volume                                                                       | 294 l        | Climatic class             | SN, N, ST, T     |
| Sum of the volumes of the frozen compartment(s)                                    | 72 l         | EEI                        | 64 %             |
| Sum of the volumes of the chill compartment(s) and the unfrozen compartment(s)     | 222 l        |                            |                  |

Electrical Connection

|               |              |                           |           |
|---------------|--------------|---------------------------|-----------|
| Plug          | (F;E) Schuko | Voltage (V)               | 220-240 V |
| Nominal power | 100 W        | Frequency (Hz)            | 50/60 Hz  |
| Current       | 0,8 A        | Power supply cable length | 180 cm    |

## Symbols glossary

4 stars freezing compartment for better food preservation.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

Energy efficiency class C

A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Air plus: keeps food fresher for longer.

---

## Benefit

---

### **Refrigerator Internal lighting**

Interior lighting for perfect visibility of shelves in the refrigerator compartment

### **Plastic multiflow system**

The Multiflow system ensures even distribution of cold air inside the refrigerator

### **Fan**

The fan contributes to an even distribution of air inside the refrigerator

### **External handle**

The external handle ensures practicality and ease of use of the refrigerator

### **Fruit and vegetable drawer**

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

### **Inverter compressor**

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.

### **Refrigerant gas R600a**

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

### **Climate class**

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 °C and 43 °C (50 °F ~ 109 °F)
