Tap brace

Symbols glossary

Cupboard width required for sink installation

Sink depth - depending on the model, the depth can be from 13 to 24,5

Flat: Installation of product with flat edge.

Flush-fitted installation: Models of sinks/hobs which are integrated flush with the tabletop of a kitchen unit.

Under table top installation: The sink is fixed under tabletop, which extends the work surface and the depth of the sink.

Easy to clean

Coating thickness between 0.2mm and 2mm

PVD coatings are hypoallergenic and suitable for use in contact with food

The manufacturing process of PVD treatment is 100% green and eco-friendly

Benefit

One bowl

A single bowl for greater adaptability, capacity and space optimisation

Waste Kit

Possibility to install the waste disposal KITFD100 to easily dispose of organic waste, saving time and effort

The waste disposal is the ideal solution for a clean and sustainable kitchen: simple to use and compact, it disposes of food waste directly from the sink, reducing kitchen bad smells and improving hygiene
