MP922P

Product Family	Microwave
Category	Built-in
Installation type	Built-in
Installation	Under cupboard
Power supply	Electric
Cooking Method	Microwave with grill
Control	Electronic

Aesthetics

Aesthetic	Victoria	**Serigraphy colour**	Cromato
Colour	Cream	**Door**	With panel
Components finishing	Chromed	**Logo**	Applied
Material	Painted material	**Alternative colours available**	Black, Stainless steel

Program / Functions

No. of functions	6	**Microwave**	Yes
Full grill	Yes	**Microwave + grill**	Yes
Defrost by time	Yes	**Automatic programmes**	Yes
Defrost by weight	Yes		

Controls

Display / Clock	1 a LED	**No. of controls**	2
Type of control setting	Control knobs	**Control knobs**	Victoria
Opening	Electronic	**Controls colour**	Chromed

Options

Timer	Electronic	**Showroom demo option**	Yes
Time-setting options	Start and stop		

End of cooking acoustic alarm	Yes	**Controls Lock / Child Safety**	Yes

Technical Features

Cavity material	Stainless steel	**Door opening**	Side-opening
No. of lights	1	**Total no. of door glasses**	2
Light type	Led	**Safety Thermostat**	Yes
Light Power	15 W	**Cooling system**	Tangential
Ceramic base	Yes	**Microwave screen protection**	Yes
Light when door is opened	Yes	**Microwave stops when door is opened**	Yes
Grill type	Heating element	**Usable cavity space dimensions (HxWxD)**	220x350x280 mm
Tilting grill	Yes	**Microwave effective power**	850 W
Grill - power	1250 W		

Accessories included

Grid	1

Performance / Energy Label

Usable volume	22 l	**Gross volume**	23 l

Electrical Connection

Plug	Not present	**Voltage (V)**	220-240 V
Nominal power	2700 W	**Frequency (Hz)**	50 Hz
Current	11 A	**Power supply cable length**	150 cm

Symbols glossary

Surfaceplus ceramic base: Surfaceplus ceramic base for a microwave oven - no turntable required, and the whole surface can be used for cooking.

Microwave energy shortens cooking times dramatically and produces energy savings.

Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS). After entering the weight of the food, the oven automatically defines the time required for proper defrosting.

Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Tilting grill: the tilting grill can be easily unhooked to move the heating element and clean the roof of the appliance in one simple step.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Defrost by time: Manual defrost function. At the end of the set duration, the function stops.

Double glazed doors: Number of glazed doors.

Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.

Side lights: Two opposing side lights increase visibility inside the oven.

The capacity indicates the amount of usable space in the oven cavity in litres.
