

MP922X

Product Family	Microwave
Category	Built-in
Installation type	Built-in
Installation	Under cupboard
Power supply	Electric
Cooking Method	Microwave with grill
Control	Electronic

Aesthetics

Aesthetic	Victoria	Serigraphy colour	Cromato
Colour	Stainless steel	Door	With panel
Components finishing	Chromed	Logo	Applied
Material	Stainless steel	Alternative colours available	Black, Cream

Program / Functions

No. of functions	6	Microwave	Yes
Full grill	Yes	Microwave + grill	Yes
Defrost by time	Yes	Automatic programmes	Yes
Defrost by weight	Yes		

Controls

Display / Clock	1 a LED	No. of controls	2
Type of control setting	Control knobs	Control knobs	Victoria
Opening	Electronic	Controls colour	Chromed

Options

Timer	Electronic	Showroom demo option	Yes
Time-setting options	Start and stop		

End of cooking acoustic alarm Yes

Controls Lock / Child Safety Yes

Technical Features

Cavity material Stainless steel
No. of lights 1
Light type Led
Light Power 15 W
Ceramic base Yes
Light when door is opened Yes
Grill type Heating element
Tilting grill Yes
Grill - power 1250 W

Door opening Side-opening
Total no. of door glasses 2
Safety Thermostat Yes
Cooling system Tangential
Microwave screen protection Yes
Microwave stops when door is opened Yes
Usable cavity space dimensions (HxWxD) 220x350x280 mm
Microwave effective power 850 W

Accessories included

Grid 1

Performance / Energy Label

Usable volume 22 l

Gross volume 23 l

Electrical Connection

Plug Not present
Nominal power 2700 W
Current 11 A

Voltage (V) 220-240 V
Frequency (Hz) 50 Hz
Power supply cable length 150 cm

Symbols glossary

	Surfaceplus ceramic base: Surfaceplus ceramic base for a microwave oven - no turntable required, and the whole surface can be used for cooking.		Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.
	Microwave energy shortens cooking times dramatically and produces energy savings.		Defrost by time: Manual defrost function. At the end of the set duration, the function stops.
	Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS). After entering the weight of the food, the oven automatically defines the time required for proper defrosting.		Double glazed doors: Number of glazed doors.
	Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.		Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.
	Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.		Side lights: Two opposing side lights increase visibility inside the oven.
	Tilting grill: the tilting grill can be easily unhooked to move the heating element and clean the roof of the appliance in one simple step.		The capacity indicates the amount of usable space in the oven cavity in litres.
